

CROWBAR PIERCES
WORKMAN'S BODYHorrible Accident Befalls Car-
penter at Richmond Guano
Works.

Falling from a scaffolding, which gave way yesterday afternoon between 2 and 4 o'clock at the works of the Richmond Guano Company, Port Powhatan, below Fulton, Luther Simmons about twenty years old, struck upon a crowbar, which had preceded him in the fall. It pierced the lower part of his back, passed through his body and came out of the side of his neck. The accident was one of the most horrible imaginable. With the huge piece of iron still in his body he was rushed to the Retreat for the Sick. He was believed to be in a dying condition. An operation was at once performed by Dr. H. Stuart MacLean and the bar removed.

Came From Wilmington, N. C. Simmons is said to have come to Richmond about two months ago from Wilmington, N. C., which it is understood, is his home. He sought employment with the Guano Company and was hired as a carpenter's assistant.

It was while engaged in the performance of his duties yesterday that he met with the accident which will likely cost his life.

With other men he was at work on the exterior of one of the fertilizer company's buildings. The frame work, which was not very high, collapsed, and all were thrown to the ground. Simmons had been standing near the crowbar, and when the supports gave away it fell before the young man.

Becomes Unconscious. It struck the ground in an upright position, and just as it hit Simmons landed upon it. He uttered a shriek, and his fellow-workmen were almost panic-stricken when they gazed upon his form pierced by the six-foot lever. Blood was streaming in all directions and the injured man became unconscious a few seconds later.

An automobile was brought into service, and he was hurried with all possible speed to the hospital.

SUPERVISORS INCREASE
COUNTY'S APPROPRIATION

(Special to The Times-Dispatch.) Williamsburg, Va., September 25.—The James City County Board of Supervisors met here to-day, those present being William Lee, chairman; John A. Barnes and Warren Marston, L. B. Manville, of Newport News, superintendent of the Peninsula sand-clay road, appeared before the board in behalf of funds for the work being done in this county. The board decided to increase the county's appropriation by \$300. Mr. Manville still needs about \$1,000 to complete the line between Seelye's and Richmond. The cost of building the sand-clay road in James City was found to be \$212 per mile.

The board also recommended the appointment of George C. Marston to be superintendent of poor for James City in place of John M. Jennings, and Ben S. Scott was recommended for county surveyor.

Will Join New Association.

(Special to The Times-Dispatch.) Suffolk, Va., September 25.—With only one dissenting vote, the congregation of the Suffolk Baptist Church last night voted to withdraw from the Portsmouth Baptist Association, and join the Blackwater Association, whose moderator, Darke P. Deane, aged thirty-one, is said to be one of the youngest in the country.

Health and Beauty Answers

BY MRS. MAE MARTYN

Violet: By all means let face powder alone. If you want a beautiful complexion, powder does not help. Pores, causing enlarged pores, wrinkles and rough, discolored complexions. The only safe and satisfactory complexion is the one that is made by dissolving four quarts of water in a half pint of hot water, then adding two teaspoonsful of glycerine. This lotion will take away that shiny, yellow, greasy look, and make your skin smooth, soft and velvety. It does not rub off so easily as powder does, and gives that much-desired, delicate, refined tone to the skin without an artificial, powdered look.

A. B. C.: Stop worrying over such a trivial thing as getting an ounce of dandruff. Mix enough with water, and wash their hair not wanted, and after two or three minutes rub off; then wash the skin. You will find dandruff the most satisfactory thing to use for removing superfluous hairs; and even if it does cost a dollar an ounce, it is worth several times its price to have a smooth, hairless skin.

Rena: Your yellow, muddy, pimply complexion is due to impurities in the blood. To do your system of these marks of ill health, you must first get better than this old-fashioned, home-made tonic. Dissolve a half cup of water and one ounce of kaffir in a half pint of alcohol, then add a few drops of each. Take a tablespoonful before each meal, and you will be surprised at the wonderful health-restoring quality of this tonic. It will give you energy, a good appetite and bring back the glow of perfect health to your cheeks.

Ellen: For your weak, tired, dull eyes, you need a good strengthening tonic. If you will get from your druggist an ounce of crystals and dissolve it in a pint of water, then put a few drops in each eye once or twice a day, your eyes will soon be clear of all inflammation, feel strong, and be bright and sparkling. This tonic is splendid for granulated eyelids and will be found very soothing. The use of this simple tonic has enabled many to dispense with wearing glasses.

J. S.: You are only one of the millions who have wasted many dollars on nicely perfumed hair tonics which did no good except to enrich the man-

Walter D. Moses & Co.
103 E. Broad St.
Oldest Music House in Va.
and N. C.BEER BOTTLE IS
USED AS WEAPON

(Special to The Times-Dispatch.) Norfolk, Va., September 25.—Lying on the floor of Brown's saloon, on the wharf where he had been knocked by a beer bottle in the hands of W. C. Brown, son of the proprietor, Willie Smith, a canal boatman, drew his pistol and fired two shots at Brown. One bullet taking effect in the right side of the face, a 4 passing out behind a slight flesh wound. Smith is in a serious condition at St. Vincent's Hospital.

The difficulty arose over Smith's acting in a boisterous manner in the saloon.

FARMER FALLS FROM LADDER
AND IS SERIOUSLY INJURED

(Special to The Times-Dispatch.) Harrisonburg, Va., September 25.—While standing on a high ladder gathering apples from the tops of his trees in his orchard, Robert H. Showalter, a prominent farmer of the Hinton neighborhood, lost his footing and fell. His left leg caught in the rungs of the ladder, fracturing one bone between the knee and ankle in three places. Instantly the ladder began to fall, and with the maimed man entangled in the rungs, ladder and man fell with a crash down an embankment fifteen feet below, hurling Mr. Showalter against the ground with terrific force. He was badly injured, and narrowly escaped being killed.

TWO WHITE MEN CHARGED
WITH LARCENY OF AN AUTO.

(Special to The Times-Dispatch.) Lynchburg, Va., September 25.—Joe Wheeler and Tom Evers, young white men, were held for the action of the October grand jury this morning after a preliminary hearing in the police court on the charge of the larceny of an automobile belonging to Norman H. Johnson.

It is charged that the accused took the auto out of the garage late Saturday night and badly damaged it in the joy ride which followed. The men were detected while out and were arrested before they got back to the garage with the wrecked car.

Marjorie: To reduce your weight quickly and at small cost, without resorting to a restricted diet and fatiguing exercise, dissolve four ounces of parnots in a pint and a half of hot water and take a tablespoonful before each meal. I find this simple, harmless remedy generally takes off fat rapidly, and those who have tried it tell me it is a marvelous fat-reducer, as it leaves the skin smooth and uncreased. You can get parnots at any drug store.

Nora: To have beautiful hair and a healthy scalp, you must keep your scalp clean. All the hair-tonics under the sun will not keep your hair and scalp in a healthy condition unless you shampoo frequently and thoroughly. When washing your hair, never use soap in any form, as the alkali in it streaks and dulls the hair, causing it to split and become brittle. No shampoo preparation I have ever seen gives the hair such a clean, fluffy and healthy appearance as a teaspoonful of cantharox dissolved in a cup of hot water. This makes the finest shampoo imaginable and is inexpensive. It removes all dirt and dandruff, rinses easily, dries quickly, and adds a beautiful lustre to the hair that you can't get with any other shampoo. I consider it the only perfect shampoo.

P. T. W.: You can get rid of those blackheads, freckles and large, dirt-collecting pores in your face by using this cream-lily. Stir together and let stand overnight one ounce of alomozin, two teaspoonfuls of glycerine and a half teaspoonful of water. This makes a greasy cream that will not promote a growth of hair on the face. Use it for massaging to clear and soften your skin, and you will soon have just as fine and smooth a complexion as most women many years your junior. For removing freckles, tan and other skin discolorations, it has no equal.

AMELIE RIVES

now the Princess Troubadour, has written a new novel for Lippincott's Magazine which bids fair to overtop the reputation of her first great work, "The Quick or the Dead." The plot is one of the most remarkable and absorbing that has ever appeared between covers.

Don't delay in getting the October number of Lippincott's, in which Amelie Rives' great story appears. The number containing "The Quick or the Dead" was sold out in a flash. There will be an even bigger demand for her new story.

Don't miss the October number of Lippincott's.

RECEPTION TO STUDENTS

Men's Meetings Series Begin
Next Sunday—Educational
Classes.

Without waiting for October 1, things are now booming at the big building of the Young Men's Christian Association, the gift of the Richmond citizens. Last Tuesday night the Hundred Club had one of the finest meetings of its history. Seventy-two men sat down to a supper prepared by the woman's committee, and enthusiastic interest was manifested by all the members present.

The Fellowship League Bible Class met on Thursday evening with twenty men present, and has not missed a session during the hot summer.

The Boys' Hy-Shy-Ny Club has had the largest average attendance this summer in years. The young men's meetings have been maintained regularly, in the lobby of the association building. Next Sunday the first of the fall meetings will be held.

Big Reception to Students. Next Saturday night, September 30, the Hundred Club of the association will tender a reception to the students of the University College of Virginia and the Medical College of Virginia and Richmond College. This will be the first of a series of receptions. A most attractive program has been arranged as follows:

8 to 8:15 P. M.—Informal reception in the association lobby.
8:15 to 8:30 P. M.—Polk Miller, Col. Tom Booker, in Auditorium; Old South Quartet.
8:30 to 10:30 P. M.—Indoor baseball in gymnasium; University College of Medicine vs. Medical College of Virginia; quarter; Richmond College vs. winner of first game.
10:30 to 11 P. M.—Refreshments.

The Men's Meetings. The first of the big men's meetings will be held next Sunday afternoon at 2:30 o'clock in the association auditorium. Rev. Frank L. Wells, pastor of Broad Street Methodist Church, will be the speaker, with the theme, "Does Forgiveness Remove the Sin?" Plans are on for some great meetings during the fall and winter, and the committee will probably arrange for return dates by George R. Wendling because of the great demand that is on for the repetition of his series of lectures on modern doubt. The audience averaged 1,000 for the eight lectures last year, and it is believed they will be trebled should the lectures be repeated. A strong effort is now being made to get a speaker of international fame for the first auditorium meeting.

Association Institute classes for both men and boys will begin on Monday night, October 2, according to a schedule which includes arithmetic, architectural drawing, bookkeeping, commercial English, mechanical drawing, penmanship and business forms, stenography, telegraphy, typewriting, window-dressing, lettering, business building, science of service.

The association pays especial attention to the character of the instruction given, and to individual work as well as class work. In other words, coaching as well as teaching. Information can be secured at the association office.

In the Gymnasium. "Activity" is the word in the big gymnasium. The class schedule for the fall and winter has been arranged, and classes will begin at once, as follows:

Business men's class—Monday, Wednesday, 5:30; Tuesday, Friday, 12:30 and 5:30.
Young men's evening class—Monday, Wednesday, Friday, 6:15.
Students' class—Tuesday, Thursday, 6:15.
Men's graded class—Tuesday, Thursday, Saturday, 1:30.
Open games—Tuesday, Thursday, Saturday, 5 o'clock.
Basket ball—Tuesday, Thursday, Saturday.

Afternoon indoor baseball league—Monday, Wednesday, Friday, 6:35.
Swimming Club—Wednesday, 8:30.
Special instruction for boys. The leaders of thought are coming to recognize the fact that the time to help a man is when he is a boy, therefore the association is planning big things for the boys, not only in, but also out of the building, and will announce in a day or two an extensive program for formation work for boys.

Ninety of the ninety-two living rooms in the association building are occupied, and a score of men have been turned away within the past week, as have also visiting members of other associations because "there was no room in the plan." The capacity of the big building will be thoroughly taxed this winter, as many new phases of the work will be introduced. Membership Secretary D. L. Buchanan and his collaborators are at work on plans for the second annual membership campaign in early October.

Visitors Always Welcome. The association officers desire to make it clearly understood that visitors are welcome at any time, but owing to the extensive use of the building women can only be shown over the entire building on Wednesday afternoon, from 10 A. M. to 1 o'clock. There are other times when they can see it, but they are just a "happen chance." Wednesday morning has been set aside for this purpose.

Among the special features for boys is the proposed organization of a swimming club for those who are too young to get into regular membership, but whose parents desire them to learn to swim under competent instruction. If organized this club will be for boys eight to ten years of age.

NORTH CAROLINA BOYS LURED AWAY FROM HOME BY CIRCUS. (Special to The Times-Dispatch.) Suffolk, Va., September 25.—The lure of the animals and sawdust proved too strong for two North Carolina boys, who ran away from home to join a circus, and quit suddenly at Suffolk.

McCauley, eighteen, of McRabane, went to sleep under a box car, had his right arm crushed off, and is now in a local hospital. David Jones, fifteen, of Tarboro, was arrested by the police and locked up, pending the arrival of his father.

SPLENDID NEW BUILDING

New York's splendid municipal building as it will look when completed. The edifice is being erected now and rapid progress is being made toward its completion. The small building in the foreground is the historic old City Hall, which is one hundred years old this year.

VIRGINIA GIVES OPEN
DATE TO WAKE FORESTMeans Opportunity for Comparison of Scores
With Carolina—Scarcity of Assistant
Coaches Caused by Large Squad.

(Special to The Times-Dispatch.) Charlottesville, Va., September 25.—Wharton E. Weems, of Houston, Tex., manager of the Virginia football team, has filled one of the open dates on his schedule by giving Saturday, November 4, to Wake Forest, of North Carolina. Wake Forest tackles the University of North Carolina in two weeks, so the additional game will give followers of Virginia and Carolina an opportunity to compare scores.

Virginia's schedule now calls for seven games on Lambert Field, a larger number than ever before arranged for one season on the home grounds, a fact that is greatly appreciated by the student body. Past experience has shown that a large number of contests on the local field is necessary to work up interest in the team, and to arouse the enthusiasm of undergraduates sufficiently to go off to Washington and Richmond to root in the championship games with Georgetown and North Carolina. An added attraction this year is the big contest scheduled with Swarthmore. This battle will take place on Lambert Field, and should give the first

real line on the team of 1911 and determine what chance the Orange and Blue has to even up with the Blue and Gray for last year's defeat. An enthusiastic student body inspires the team to do its best, and this season's schedule has been arranged with that end in view.

Second Week of Practice. The squad entered to-day upon its second week of practice with great earnestness. A scarcity of assistant coaches on Lambert Field has caused an extra burden to be placed on the shoulders of Coach Yancy, who, with only "Speed" Elliott, Captain Bowen and Trainer Lannigan to help, and with sixty men to manage, is thought to be considerably handicapped. Efforts are now being made to induce Yancy, who was prominent on the gridiron to come at once and assist in the work.

"Billy" Gloth, who was around for several days soon after college opened, is expected to return shortly. As he is not booked to coach this fall, he is expected to give considerable aid to the team. "Pop" Geyer, captain of the 1910 eleven and all-South Atlantic tackle, promised to be here during the early days of practice to aid the line men, but so far has not returned, and nothing has been heard from him. It is understood that he will coach a preparatory team in New York this fall.

Besides Geyer, several other members of the 1910 varsity will coach at other institutions this year. "Jimmy" Driver, who made good at half back last year, will assist "Johnny" Neff in coaching the University of South Carolina. He will also be physical director and baseball coach at that institution. R. Russell Coetz, a recent Virginia tackle, is coaching Hampden-Sydney College. Cecil arrived at the university ten days ago, having just come from a European trip which he made with "Dick" Dietrich. Honaker, the first quarterback, left the university last week for Richmond, where he will have charge of the strong Richmond College team. Honaker is expected to re-enter the academic department of the university after the close of the football season. Norborne Berkeley, subquarter last year, is teaching at the Episcopal High School, and will help to round the football men into form. "Bob" Williams, not of last year's squad, but an ex-Virginia football man of wide reputation, is coaching the Virginia Polytechnic Institute team, which last season was under Branch Bowcock.

Daughters Elect Officers. (Special to The Times-Dispatch.) Charlottesville, Va., September 25.—Albema Chapter, United Daughters of the Confederacy, has elected officers for the ensuing year as follows: Mrs. J. N. Waddell, president; Mrs. C. C. Wertenbaker, vice-president; Mrs. J. H. Moomaw, recording secretary; Mrs. B. D. Chandler, registrar; Mrs. Fitzhugh, treasurer; Miss Sallie J. Dowell, corresponding secretary.

Miss Mildred Powers and Mrs. H. H. Williams were elected delegates to the approaching State convention to be held in Roanoke.

In Political Fight

There is a hot mayoralty fight on in Philadelphia, especially for the Republican nomination for mayor at the primaries to be held September 30th. One of the leading figures is the present mayor, John E. Reyburn, who is not seeking reelection, but has his eye on Mr. Oliver's seat in the United States Senate.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought

In Use For Over 30 Years
THE CENTAUR COMPANY, 37 MURRAY STREET, NEW YORK CITY.STRIPLINGS WILL
LIVE IN GEORGIAFamily of Former Danville Po-
lice Chief Leave for
Columbus.

Danville, Va., September 25.—Mrs. Thomas Edgar Stripling and family, wife and children of former Chief of Police Stripling, alias R. E. Morris, who was arrested here March 4 and carried back to Georgia to serve his life sentence, have moved back to Georgia. Mrs. Stripling and her ten children left on the 4:35 P. M. train for Columbus. The ten children went direct to Columbus, but Mrs. Stripling will stop at Millidgeville, where her husband is at work on the State farm, for an interview with Stripling, the man whom she helped to shield from his crime and for whose life-long freedom she worked hard. The Striplings have found it rather hard to make both ends meet since the husband and father went back to Georgia to serve his life term.

ELKS LEAVE

Aboard Special Sleeper Large Party
Go to Roanoke Convention. Aboard a special Pullman sleeper, a large party of members of Richmond Lodge No. 45, Benevolent and Protective Order of Elks, left last night at 9:45 o'clock by way of the Norfolk and Western Railway for Roanoke, where they will attend the annual meeting of the State convention, which opens to-day and will continue through to-morrow.

The local delegation, which was joined at Petersburg by the lodge of that place, was in charge of Exalted Ruler John Billy.

Say He Gave Minor Liquor. Charles Wells was arrested last night on a charge of giving intoxicating liquors to George Enright, a minor.

Hole—Hurt. (Special to The Times-Dispatch.) Charlottesville, Va., September 25.—William Green Hale and Miss Betty Lee Hurt were married at 8 o'clock last evening at the residence of Howard Moore. A number of friends witnessed the ceremony, which was performed by the Rev. G. C. Kelly, D. D., of the First Methodist Church. The groom is connected with the Southern Express Company.

Engagement Announced.

(Special to The Times-Dispatch.) Charlottesville, Va., September 25.—Miss Emma J. Hugh, of this city, announces the engagement of her daughter, Clara Belle, to D. Croydon Given, of Tampa, Fla. The marriage will take place some time in the fall. Miss Hugh was educated at Hollins Institute. She has frequently visited in Tampa, where she was the guest of Miss Stella Crowell, a schoolmate at Hollins. Mr. Given was educated in Georgia, and is now a real estate man in his home town, Tampa.

Carrington—Gaddis.

(Special to The Times-Dispatch.) Williamsburg, Va., September 25.—A romantic marriage took place in historic Bruton Parish Church this afternoon at 4 o'clock, when Miss Zulla Gaddis became the bride of John B. Carrington. The ceremony, which was witnessed by the mother and brother of the bride, was performed by the rector, the Rev. E. Rufin Jones. The couple live in San Antonio, Tex., where Mr. Carrington is secretary of the Chamber of Commerce. He is a native of Halifax county, this State.

Engagement Announced.

(Special to The Times-Dispatch.) Lynchburg, Va., September 25.—Miss Mary Simpson, of Midway, has announced the engagement of her sister, Miss Emma Simpson, to Dr. S. G. Glover, of Howardsville, the marriage to take place at the home of the bride at noon on October 4.

An Approaching Marriage.

(Special to The Times-Dispatch.) Lynchburg, Va., September 25.—Mr. and Mrs. Richardson D. Apperson have announced the approaching marriage of their daughter, Miss Margaret Miller, to Mr. William Cary Barker, of this city, the event to take place here in October.

DENNY ELECTED
TO PRESIDENCYGovernor Instructed to Notify
Him and Urge His Accept-
ance.

Montgomery, Ala., September 25.—Dr. George H. Denny, president of Washington and Lee University, of Lexington, Va., to-day was elected president of the University of Alabama by the board of trustees. The governor was instructed to notify Dr. Denny of his election, to urge his acceptance, and ascertain, if he accepts, when he can take charge of the Alabama institution. The salary of the president was increased from \$4,500 to \$6,500.

W. C. T. U. Meets at Danville.

Danville, Va., September 25.—The opening session of the W. C. T. U. Convention was held here to-night in Main St. Methodist church, there being quite a number of delegates in attendance. The meeting to-night was in the form of a consecration service, and the work of the convention proper will not begin until to-morrow morning, when it will be called to order by Mrs. Howard M. Hoge, State President.
